Gene Edworthy of the Canadian Olympic Committee presented the four athletes with their official Canadian team jackets.

- Brent Morrice, Chairman, Ski Jumping Canada said “How appropriate it is to make the announcement at Canada Olympic Park in Calgary, where their Coach Ted Bafia competed in the 1988 Olympic Games and where all of the athletes live and train.” All four athletes belong to the Altius Nordic Ski Club based in Calgary.
- Cam Hodgson, Principal of National Sport School in Calgary congratulated the athletes – three of them are in grade 12 and the other is a graduate of the school – for overcoming the difficulties of travelling constantly to train and compete while completing their high school. Ski Jumping Canada is grateful to the National Sport School for making it possible.
- All four athletes will jump in the two individual events as well as the team event! If you are reading this now, you have probably had a role in making this happen – countless numbers of you have contributed time, money and all kinds of support over the years to make these Olympic dreams a reality. **Thank you!**
